ABOUT US

In 1971, Robert J. (Bob) Schiffmann and his wife Catherine, a school nurse, founded Mats Inc. while raising their four children. In the beginning, Bob sold mats out of the trunk of the family car, while Catherine handled the record keeping in the evenings. The rest is history.

Now a second generation family-owned business, Mats Inc. has celebrated over forty-five years of exceptional products and determined spirit upon which the company was built with the dedication of the new corporate headquarters building.

Mats Inc. is proud to offer some of the industry’s most leading and innovative products and world class service. We are a value-centered business, rich in tradition, innovation, and excellence, with a strong commitment to our employees, customers, and the communities in which we do business.

At the heart of Mats Inc’s line of products is a full array of flooring solutions for commercial construction and renovation. Our headquarters location is in Stoughton, MA; we have a spacious warehouses in GA and MN, sales offices throughout the United States and a network of dealers and distributors that deliver our products to the commercial markets.

From the finest entrance systems to superior interior matting products and high-performance sports flooring to distinctive contract flooring, we are continually updating and adding to our product line. Please visit our web site for the latest and most up-to-date information, www.matsinc.com or contact us at 1-800-628-7462.

We value your business and will make every effort to continue to meet your needs…every step of the way.

SUSTAINABLE SOLUTIONS

Mats Inc. is proud to provide sustainable flooring solutions that support green building and certification programs including LEED, Green Globes, Living Building Challenge and others.

Our extensive entrance matting and floor covering lines include products that are FloorScore® certified, Green Label Plus certified, and other products that can contribute to sustainable design strategies, such as:

- Entrance systems designed to protect indoor air quality
- Fiber products that are Green Label Plus
- Environmental Product Declarations and Health Product Declarations for resilient flooring and installed matting
- Organic roll, plank and tile flooring produced from nearly 90% renewable and natural raw materials
- Rubber products made from recycled tires
- No-wax, low maintenance, long-lasting distinctive flooring

We aspire to achieve the highest standards for sustainable commercial flooring and will continue to deliver new and innovative products to help advance our industry.

As members of GBI and the USGBC with LEED AP personnel on staff, we are here to help you achieve your sustainable design goals.

Contact us for more information on our other products.

THE CLEANZONE™

The CleanZone™ entrance system protects against liability, reduces maintenance costs and facilitates healthy indoor air quality.
Look for the CleanZone™ number in the features section on each product page.

ZONE 1: EXTERIOR
Outside the entrance, choose an aggressive scraping product that is as maintenance-free as possible.

ZONE 2: VESTIBULE
Between the exterior and interior doors, choose a product that scrapes off soil and absorbs moisture.

ZONE 3: LOBBY
In lobby areas, nylon fibers offer optimal performance for additional moisture absorption. Polypropylene fibers are ideal for applications requiring additional debris removal.

ZONE 4: INTERIOR
For interior flooring, choose a style/performace combination best suited for the application.

A 30 foot matting system is recommended to remove 100% of debris from shoes.

An entrance system of scraping and drying products will remove up to 10 times more dirt and moisture than a carpet mat alone.

<table>
<thead>
<tr>
<th>ZONE</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>30FT</td>
<td>100%</td>
</tr>
<tr>
<td>20FT</td>

</tr>
<tr>
<td>5FT</td>
<td>37%</td>
</tr>
</tbody>
</table>
The foot grille blades scrape off dirt and debris from the soles of shoes, the particles drop through the surface and are then captured beneath.

**PRO TRACK TECHNOLOGY**
Pro Track Series Foot Grilles feature cross-bolt supports with individual aluminum spacers to accommodate the heaviest rolling loads in the industry. Cross-bolt technology provides durable, long-lasting performance.
DESIGN TRACK
DEEP RECESSED SYSTEM

FEATURES
Exclusive, cross-bolt technology outlasts traditional welded key-lock construction
Anti-slip surface for indoor and outdoor applications;
ADA compliant
Maintenance-free surface looks brand new for years
Custom shapes available
Frames come pre-assembled
Drain pan option available
Outstanding scraping performance for entrances with multi-directional traffic
Common Uses—Entryways in office buildings, retail stores, malls, hospitals, schools, ski resorts, sporting facilities, transportation buildings, hotels

SPECIFICATIONS
Material
Heavy gauge 6061-T6 aluminum with 64% pre-consumer and 16% post-consumer recycled content, mill finish
Size
Custom made to your requirements. Consult our Product Specialists for assistance.
Maximum Panel Size
48” (front and back) x 42” (left to right)
Multiple panels are used to construct the foot grille system

Maximum Rolling Load
Pounds per wheel for Level Base Installation

The rugged benefits of a foot grille with the easy maintenance of a roll up mat.
Polypropylene brush insert offers highest performance and durability.
Thermoplastic hinge is weather-resistant and stays flexible—won’t crack or break like PVC-based materials.
Insert options include carpet, vinyl, brush, vinyl abrasive, and serrated aluminum.
Consult our Product Specialists for assistance.

**Common Uses:**
- Interior entryways

**SPECIFICATIONS**

- **Material:** Corrosion-resistant 6063-T52 aluminum with 38.3-45.8% pre-consumer recycled content and various insert options fusion bonded to the backing for durability
- **Additional Specs:**
  - 6063-T52 aluminum spaced 1-1/2” on the center and connected with thermoplastic rubber hinges with 1/8” slotted holes for maximum drainage
- **Size:** Custom made to your requirements. Consult our Product Specialists for assistance.
- **Maximum Rolling Load:**
  - Up to 1,000 lbs per wheel
- **Depth:**
  - Grille Only: 11/16"
  - Grille & Recessed Frame: 3/4”

**POSSIBLE LEED V 4 CREDITS**

Please see the Mats Inc. website for the most up-to-date LEED v4 information.
ULTRA ENTRY™
SURFACE/SHALLOW RECESSED SYSTEM

Superior alternative to aluminum roll mats

**FEATURES**

- Dual-strip design both scrapes off debris and absorbs moisture
- Easily cut on site to any angle, arc or shape
- Durable construction withstands heavy traffic
- Quiet—eliminates noise and clatter common with aluminum roll up mats
- Stable—conforms to uneven sub-floors
- Anti-slip surface for indoor applications; ADA compliant
- T section divider is optional for wheeled traffic applications
- Can be used with Schlüter™ frame option

**SPECIFICATIONS**

- Material
  - Gray and Brown Bases—27.52% pre-consumer and 1.4% post-consumer recycled content with standard New York inserts
  - Black Base—85% pre-consumer and 1.4% post-consumer recycled content with standard New York inserts.
  - Recycled content varies with Designer Insert Options
- Size
  - 36” x 40”, 48” x 40”
- Custom Sizes
  - 36” and 48” widths x lengths to 40’
- Weight
  - 1.71 lbs/sq ft
- Maximum Rolling Load
  - 1,200 pounds per wheel

**POSSIBLE LEED V 4 CREDITS**

Please see the Mats Inc. website for the most up-to-date LEED v4 information.

**LEVEL BASE INSTALLATION OPTIONS**

- **Surface**
- **Shallow Recessed**
- **Optional Section Divider**

**DESIGNER INSERT OPTIONS**

Enhance the beauty of the entrance system by matching Zone 3 (lobby) matting with the Foot Grille Designer Inserts in Zone 2 (vestibule). Coordinating Zone 3 matting product pages are referenced below.

**New York Collection**

See page 37 for New York Collection coordinating Zone 3 matting. Visit www.matsinc.com for the most up-to-date product information.
LEGACY

FEATURES ZONES 1 2 3 4

Patented hybrid product installs like a carpet and performs like a foot grille
Can be cut to measure in any direction without fraying
Combines top-of-the-line fibers that both scrape dirt and absorb moisture
Inserts integrate with a variety of design schemes
Can be glued down or loose laid
Common Uses—high traffic vestibules and foyers in retail stores, malls, office buildings, sports facilities, hotels, schools

SPECIFICATIONS

Material
Polypropylene Base Grid and Premium Polyamide Nylon Fibers (6.6) with 5.63% post-consumer recycled content

Backing
Anti-slip rubber

Size
6' 7" x 65' 5" – to accommodate rib repeat in multiple applications, figure material at 6' 5"

Custom Sizes
6' 7" width x lengths to 65' 5"

Weight
103 oz/sq yd

Thickness
9/16"

Pattern
Repeat

POSSIBLE LEED V4 CREDITS

Please see the Mats Inc. website for the most up-to-date LEED v4 information.
LEGACY PLANK

The plank-style matting system can be used to construct an entrance of any size.
One color for a uniform look or work with both colors to create interesting patterns.
Create a uniform look with a single color or work with both colors to construct interesting patterns.
Should be glued down for heavy and wheeled traffic.
Less waste than roll matting, depending on the size.

CONFIRM LEAD OR LEGACY NAP IN ZONE 2 FOR AN IMPRESSIVE ENTRANCE

LEGEND

Great alternative to aluminum for Zone 1

Features

- Ideal for outdoors–coarse inserts scrape away dirt before it gets in the building.
- Drop-through design allows dirt to pass through material.
- Common Uses—entryways in ski resorts, sports facilities, office buildings.

3M™ NOMAD™ MEDIUM TRAFFIC SCRAPER MATTING 6050

Durable vinyl construction performs in temperatures from -10°F to 150°F (-23°C to 65°C)

**FEATURES**

- Designed for MEDIUM traffic conditions
- Up to 400,000 people/year
- Vinyl loops scrape, trap and hide dirt and moisture, minimizing re-tracking into the building
- Cushioned vinyl backing protects floors from removed soil and will not stain flooring
- Durable vinyl construction performs in temperatures from -10°F to 150°F (-23°C to 65°C)
- Fade resistant

**3M Authorized Master Distributor**

**EDGING**

- Standard
- Heat embossed on all sides
- Custom Options Available

**SPECIFICATIONS**

- Roll Sizes
  - 3' and 4' x 60'
  - Longer rolls readily available
- † Logo colors 4' x 60'
- Standard Mat Sizes
  - 3' x 5', 4' x 6', 3' x 20', 4' x 20'
- Custom Sizes
  - 3' and 4' widths x custom lengths up to 60'
  - † Logo colors 4' width x custom lengths up to 20'

**POSSIBLE LEED V 4 CREDITS**

- Please see the Mats Inc. website for the most up-to-date LEED v4 information.

3M™ NOMAD™ HEAVY TRAFFIC UNBACKED SCRAPER MATTING 8100

Best 3M™ Nomad™ Scraper Matting for removing and hiding dirt in heavy traffic areas

**FEATURES**

- Designed for HEAVY traffic conditions
- Up to 1,000,000 people/year
- Durable vinyl loops scrape, trap and hide dirt and moisture, minimizing re-tracking into the building
- Provides resistance to grease and oil

**3M Authorized Master Distributor**

**EDGING**

- Standard
- For 3' x 5' and 4' x 6' mats in Black, Gray and Brown
- 8100
- Heat embossed on short sides
- Custom Options Available

**SPECIFICATIONS**

- Roll Sizes
  - 3' and 4' widths x 60' length
  - Longer rolls readily available
- Standard Mat Sizes
  - 3' x 5', 4' x 6', 3' x 20', 4' x 20'
- Custom Sizes
  - 3' and 4' widths x custom lengths up to 60'
  - Seaming is also available

**POSSIBLE LEED V 4 CREDITS**

- Please see the Mats Inc. website for the most up-to-date LEED v4 information.
3M™ NOMAD™
Z-WEB MEDIUM TRAFFIC SCRAPER MATTING 6250

Effectively traps moisture and will not stain floor

FEATURES
1. Designed for MEDIUM traffic conditions
2. Up to 400,000 people/year
3. Peaked edge design provides enhanced slip resistance while scraping dirt and debris
4. Solid vinyl backing helps protect floors from removed soil and will not stain the floor
5. Durable z-web construction provides excellent support for light wheeled traffic such as carts and wheelchairs
6. Effectively traps and holds moisture making it ideal for use by drink stations and water fountains

ZONES
1. Designed for MEDIUM traffic conditions
2. Up to 400,000 people/year
3. Peaked edge design provides enhanced slip resistance while scraping dirt and debris
4. Solid vinyl backing helps protect floors from removed soil and will not stain the floor
5. Durable z-web construction provides excellent support for light wheeled traffic such as carts and wheelchairs
6. Effectively traps and holds moisture making it ideal for use by drink stations and water fountains

SPECIFICATIONS
- Roll Sizes: 3' and 4' x 60'
- Standard Mat Sizes: 3' x 5', 4' x 6'
- Custom Sizes: 3' and 4' widths x custom lengths up to 60'

- Standard: Heat embossed on all sides
- Custom Options: Available

3M™ NOMAD™
Z-WEB EXTREME TRAFFIC SCRAPER MATTING 9100

Best 3M™ Nomad™ Scraper Matting for extreme traffic outdoors and in recessed well applications

FEATURES
1. Designed for EXTREME traffic conditions
2. Up to and greater than 1,000,000 people/year
3. Unbacked construction scrapes, traps and hides dirt and debris, minimizing re-tracking into the building
4. Peaked edge design provides enhanced slip resistance
5. Durable z-web construction provides excellent support for light wheeled traffic such as carts and wheelchairs

SPECIFICATIONS
- Roll Sizes: 2' and 3' x 50'
- Standard Mat Sizes: 2' x 20', 3' x 5', 3' x 20'
- Custom Sizes: 2' and 3' widths x custom lengths up to 50'
- Edging: Not Recommended

POSSIBLE LEED V 4 CREDITS
- Please see the Mats Inc. website for the most up-to-date LEED v4 information.

3M™ NOMAD™
MODULAR MATTING 9200

Easy-to-install modular tile for recessed well applications

FEATURES
1. Designed for MEDIUM traffic conditions
2. Up to 400,000 people/year
3. High-performance, flexible tiles with a vinyl base and dual-fiber carpet strips scrape, remove and capture dirt and moisture
4. Resistance to moldew and UV aging
5. Tiles easily snap together and can be cut for custom fit
6. Grooves are large enough to effectively trap dirt but small enough to prevent high heels from getting stuck

SPECIFICATIONS
- Tile Size: 7.87" x 7.87"
- Case Pack: 10 tiles (4.3 sq ft) per case
- Edging: Not recommended

POSSIBLE LEED V 4 CREDITS
- Please see the Mats Inc. website for the most up-to-date LEED v4 information.
TRILOGY TILE™
Superior matting tile with contemporary carpet design

FEATURES
- Aggressive scraping cleans footwear to reduce the risk of slips and falls
- Durable product ideal for commercial applications
- High-end carpet-like appearance creates great first impression
- Can be installed brick, monolithic, or quarter-turn to create interesting patterns
- Meets indoor air quality testing protocols
- Class 1 fire rating
- Common Uses—corporate, educational, retail, hospitality environments

ZONES
1 2 3 4

SPECIFICATIONS
Material
Nylon fiber (6) textured tufted loop

Backings
100% post-consumer recycled PET primary backing and Bitumen secondary backing with 10% post-industrial recycled content

Tile Size
19-11/16” x 19-11/16”

Case Pack
20 tiles/case (53.8 sq ft)—full cases only

Weight
139 oz/sq yd

Thickness
9/32”

BERBER TILE

FEATURES

- Outstanding walk-off performance for multi-directional traffic applications
- Easily maintained by vacuuming and periodic extraction
- Stain-resistant, color fast, and permanently anti-static
- Can quarter-turn tiles to create parquet pattern

Common Uses—entryways, vestibules

SPECIFICATIONS

- Material: 100% solution-dyed UV stabilized polypropylene fibers with 56.93% post-consumer recycled content
- Backing: Bitumen
- Tile Sizes: 19-11/16” x 19-11/16”
- Case Pack: 20 tiles/case (54 sq ft)—full cases only

POSSIBLE LEED V 4 CREDITS

Please see the Mats Inc. website for the most up-to-date LEED v4 information.

DIAGONAL TILE

Aggressive scraping action with long life

FEATURES

- Diagonal rib design scrapes dirt and moisture from all types of footwear
- Dimensionally stable—won’t shrink or curl
- Can quarter-turn tiles to create parquet pattern

Common Uses—high traffic entrances, vestibules, lobbies, retail stores, airports, fitness rooms, wall-to-wall applications

SPECIFICATIONS

- Material: 100% solution-dyed UV stabilized polypropylene fibers
- Backing: Bitumen

OxForce™ high density rubber backing is long lasting and holds mats securely in place.
BERBER

**FEATURES**
- **ZONES**: 1 2 3 4
- Outstanding walk-off performance for multi-directional traffic applications
- Easily maintained by vacuuming and periodic extraction
- Stain resistant, color fast, and permanently anti-static
- Green Label Plus™ Certified
- Common Uses—entryways, vestibules

**SPECIFICATIONS**
- Material: 100% solution-dyed UV stabilized polypropylene fibers with 15% post-consumer recycled content
- Backing: OxForce™ high density rubber
- Roll Sizes: 6’ 7” x 82’
- Custom Sizes: 6’ 7” x custom lengths up to 82’
- 13’ 2” x custom lengths up to 82’
- Thickness: 3/8”
- Weight: 64 oz/sq yd

**POSSIBLE LEED V 4 CREDITS**
- Please see the Mats Inc. website for the most up-to-date LEED v4 information.

BERKSHIRE

**FEATURES**
- **ZONES**: 1 2 3 4
- A synthetic alternative to Cocoa Mat, without the shedding
- Plush texture is comfortable under foot
- Highly effective at scraping dirt and removing moisture
- Green Label Plus™ Certified
- Common Uses—high traffic entrances, vestibules, lobbies, retail stores, supermarkets, locker rooms, pools, golf courses, sports facilities

**SPECIFICATIONS**
- Material: 100% solution-dyed UV stabilized polypropylene fibers with 10% post-consumer recycled content in natural and 5% post-consumer in all other colors
- Backing: OxForce™ high density rubber
- Roll Sizes: 6’ 7” x 68’ 8”
- 13’ 2” x 68’ 8”
- Custom Sizes: 6’ 7” x custom lengths up to 68’ 8”
- 13’ 2” x custom lengths up to 68’ 8”
- Thickness: 1/2”
- Weight: 81.4 oz/sq yd
- Pattern: Ribs run length of the roll

**POSSIBLE LEED V 4 CREDITS**
- Please see the Mats Inc. website for the most up-to-date LEED v4 information.
**DECORIB**

**FEATURES**
- Deep rib design scrapes soil from all types of footwear
- Needle punch construction resists crushing
- Outstanding performance and value
- Green Label Plus™ Certified
- Common Uses—entryways and vestibules

**SPECIFICATIONS**
- Material: 100% solution-dyed UV stabilized polypropylene fibers with 15% post-consumer recycled content
- Style: Cut Pile
- Backing: High density rubber
- Roll Sizes: 6' 7" x 82', 13' 2" x 82'
- Custom Sizes: 6' 7" x custom lengths up to 82', 13' 2" x custom lengths up to 82'
- Thickness: 3/8"
- Weight: 64 oz/sq yd
- Pattern: Ribs run length of the roll

**POSSIBLE LEED V 4 CREDITS**
Please see the Mats Inc. website for the most up-to-date LEED v4 information.

---

**COCOA MAT**

**FEATURES**
- Authentic, natural and rapidly renewable coco fibers provide a classic look in any entryway
- Coarse coco fibers brush away dirt and moisture
- Heavy weight coco material with more compact fibers reduces shedding and crushing
- Common Uses—entryways, vestibules, foyers with multi-directional traffic flow

**SPECIFICATIONS**
- Material: Natural coco fibers—50% of Cocoa Mat is made from natural material
- Style: Cut Pile
- Backing: Vinyl
- Roll Size: 6’ 7” x 40’ 10”
- Custom Sizes: 6’ 7” width x lengths to 40’ 10”
- Thickness: All Colors = 17 mm (5/8’’), Natural also available in 20 mm (3/4”) and 23 mm (1”)
- Weight: 17 mm (5/8’’) = 1.36 lbs/sq ft, 20 mm (3/4’’) = 1.43 lbs/sq ft, 23 mm (1”) = 1.52 lbs/sq ft

**3M™ NOMAD™ EXTREME TRAFFIC WALL-TO-WALL CARPET MATTING 9800**

**FEATURES**
- Exceptional dirt and water removal for large indoor entrances and wall-to-wall applications
- Designed for EXTREME traffic conditions
- Up to and greater than 1,000,000 people/year
- Dual-fiber, random pattern provides exceptional dirt and water removal and allows sand, salt and dirt to blend in until it can be removed
- Solution-dyed fibers resist fading and staining
- Multicoated, fiberglass-reinforced vinyl backing provides a water barrier for the floor, helping to prevent mold, mildew, fungus and water damage
- Low profile allows foot, cart and wheelchair traffic to move easily over the mat

**SPECIFICATIONS**
- Roll Sizes: 6’ x 50’
- Edging: Not recommended

**POSSIBLE LEED V 4 CREDITS**
Please see the Mats Inc. website for the most up-to-date LEED v4 information.
GRAFFITI

## BRISTLE MAT™

**SURFACE SYSTEM**

Superior outdoor mat for high traffic entrances

**FEATURES**

Extremely durable, hard-wearing nylon bristles clean footwear with each step  
Resistant to all weather and extreme conditions  
Drop-through construction hides collected dirt from view  
Rolls up for easy handling and maintenance  
Common Uses–loose lay at low, medium or high traffic entrances

MATTING: COMFORT & WET AREA
BERBER EZE

Heel-proof and stain-resistant comfort

FEATURES | ZONES | 1 | 2 | 3 | 4
--- | --- | --- | --- | --- | ---
All the benefits of Berber plus a top-grade sponge backing for outstanding comfort
Heel-proof properties for the most demanding applications
Stain-resistant, color-fast, and permanently anti-static
Common Uses–offices, banks, check-out stations, service counters, pharmacies

SPECIFICATIONS

Material
100% solution-dyed UV stabilized polypropylene fibers with 3.86% post-consumer recycled content, bonded to resilient sponge

Backing
Resilient sponge

Edges
Standard Nosing (Sew-On) or rounded corners with tapered edges (best in dry settings)

Roll Widths
3’, 4’, 6’, 6’ 7”, 13’ 2”

Custom Sizes
3’, 4’, 6’, 6’ 7”, 13’ 2” x 50’ - minimums may apply

Thickness
5/8”

Options
Rounded corners, beveled edges, consult Sales Support about other “Eze” rubber sponge backed products

Recycled Content
Berber Eze: 3.86% post-consumer

POSSIBLE LEED V 4 CREDITS

Please see the Mats Inc. website for the most up-to-date LEED v4 information.

CUSHION EZE

FEATURES | ZONES | 1 | 2 | 3 | 4
--- | --- | --- | --- | --- | ---
Durable, marbleized top surface bonded to fatigue-fighting sponge
Beveled edges on all four sides create a safe transition on and off the mat
Greater wearability than single layer foam mats
Not heel proof
Common Uses–work stations, cash registers, service counters, salons, industrial settings

SPECIFICATIONS

Material
Marbleized high-grade top surface bonded to resilient sponge

Style
Smooth surface

Backing
Resilient sponge

Edges
Beveled with rounded corners or square edge

Mat Sizes
18” x 30”, 18” x 48”, 2’ x 3’, 3’ x 4’, 3’ x 5’, 36” x 64”

Roll Sizes
2’ x 60’, 3’ x 60’, 4’ x 60’

Custom Sizes
2’, 3’ and 4’ widths x lengths to 60’

Thickness
1/2”

POSSIBLE LEED V 4 CREDITS

Please see the Mats Inc. website for the most up-to-date LEED v4 information.
**3M™ SAFETY-WALK™ CUSHION MATTING 3270**

Ideal for light industrial and light to medium commercial applications where people stand for extended periods of time

**FEATURES**
- Spring-coiled vinyl compresses uniformly and continually, helping provide greater comfort and less fatigue
- Textured top surface provides a high coefficient of friction for slip resistance
- Coils are permanently fixed to the top surface and will not delaminate or separate when wet like foam mats
- Lightweight for easy moving and positioning
- Common Uses—light to medium industrial applications, shop and canteen counters, packing lines, warehouses

**SPECIFICATIONS**
- Roll Sizes
  - 3270 - 3’ x 10’, 3’ x 20’
  - 3270E - 3’ x 5’, 3’ x 10’, 3’ x 20’, 4’ x 6’, 4’ x 10’
- Custom Sizes
  - 3270 - 4’ width x custom lengths up to 65’
- Standard Edging
  - 3270 - none
  - 3270E - heat embossed on all sides

**POSSIBLE LEED V 4 CREDITS**
Please see the Mats Inc. website for the most up-to-date LEED v4 information.

---

**3M™ SAFETY-WALK™ CUSHION MATTING 5270**

Designed for light to medium industrial areas where people stand for extended periods of time

**FEATURES**
- Spring-coiled vinyl compresses uniformly and continually, helping provide greater comfort and less fatigue
- Textured top surface provides a high coefficient of friction for slip resistance
- Solid top allows debris to stay on top of the mat for easy cleaning
- Special grease- and oil-resistant coating keeps mat resilient over time, providing continuous comfort
- Ideal for the workplace where people stand for extended periods of time
- Common Uses—light to medium industrial applications, shop and canteen counters, packing lines, warehouses

**SPECIFICATIONS**
- Roll Sizes
  - 3’, 4’ x 65’
- Standard Sizes
  - 5270E - 3’ x 2’, 3’ x 5’, 3’ x 10’, 3’ x 20’, 4’ x 6’, 4’ x 20’
- Custom Sizes
  - 5270 - 3’ and 4’ widths x custom lengths up to 65’
- Standard Edging
  - 5270 - none
  - 5270E - heat embossed on all sides

**POSSIBLE LEED V 4 CREDITS**
Please see the Mats Inc. website for the most up-to-date LEED v4 information.
ERGORUNNER

**FEATURES**
- Economical, slip-resistant, anti-fatigue matting for areas with water or where slips occur
- Unique tubular design is effective and long-lasting
- Open grid drainage
- Chemical and oil-resistant
- Easy to clean with mild household detergent
- Easy to roll up and store
- Common Uses: light industrial applications, shop and canteen counters, packing lines, warehouses

**SPECIFICATIONS**
- Material: Slip-resistant, self-draining PVC cushion matting
- Style: Open Grid pattern
- Roll Sizes: 2’ x 33’, 3’ x 33’
- Thickness: 3/8”
- Weight: 0.27 lbs/sq ft
- Recycled Content: 20% post-consumer

**POSSIBLE LEED V4 CREDITS**
- Please see the Mats Inc. website for the most up-to-date LEED v4 information.

KUSHION SAFE LIGHT

**FEATURES**
- Multipurpose anti-fatigue mat
- Superior drainage
- Grease and chemical resistance
- Molded beveled edges on all sides
- Common Uses: kitchens, restaurants, bars, meat rooms, food service, industrial work stations, sport facilities

**SPECIFICATIONS**
- Material: Molded rubber with recycled content (Black 27% pre-consumer and 27% post-consumer; Red 11% pre-consumer, 11% post-consumer)
- Style: Honeycomb pattern
- Black: grease-resistant
- Red: grease-proof
- Edges: Beveled edge
- Standard: 3’ x 5’ beveled edge
- Thickness: 1/2”

**POSSIBLE LEED V4 CREDITS**
- Please see the Mats Inc. website for the most up-to-date LEED v4 information.

KUSHION SAFE MODULAR

**FEATURES**
- Modular design allows custom configuration
- Lightweight panels are easily removed for cleaning
- Grease and chemical resistance
- Multipurpose anti-fatigue mat
- Common Uses: commercial kitchens, restaurants, bars, meat rooms, food service, locker rooms, sport facilities

**SPECIFICATIONS**
- Material: Molded rubber with recycled content (Black: 27% pre-consumer and 27% post-consumer; Red: 11% pre-consumer and 11% post-consumer)
- Format: Mat
- Size: 3’ x 3’ with built in connectors
- Thickness: 1/2”
- Weight: 27 lbs
- Installation: Loose Lay

**POSSIBLE LEED V4 CREDITS**
- Please see the Mats Inc. website for the most up-to-date LEED v4 information.

DUO TILE LIFECYCLE
By weight, 90% of Duo Tile flooring consists of recycled rubber tires
Under normal foot traffic and wear, Duo Tile outlasts carpet and linoleum tile
Periodically exchanging interlocking tiles between high and low traffic zones will double or triple the life of the floor
At the end of its useful life, Duo Tile can be returned for recycling

LOCK MAT

FEATURES
Interlocking, heavy-duty rubber flooring installs easily without adhesives or floor prep
Precision water-jet interlock system virtually eliminates gaps
Non-marking, non-skid and resistant to bacteria provides extra protection over hard floors and/or carpet
Common Uses—weight rooms, ice arenas, health clubs, locker rooms, pro shops, exercise areas, dugouts

SPECIFICATIONS
Material: Recycled rubber with EPDM colored granules; 100% Black tiles contain 93% post-consumer recycled content; Color tiles contain 87% post-consumer recycled content
Style: Interlocking edge (borders and corners also available)
Tile Size:
Centers = 46.71" x 46.71" (15.15 sq ft)
Borders & Corners = 23.05" x 46.71" or 46.71" x 46.71"
Custom Sizes: Consult our Product Specialists for assistance
Thickness: 3/8" or 1/2"
Weight: Varies by thickness
Slip Resistance: (ASTM C1028) 0.85 Dry and 0.95 Wet

POSSIBLE LEED V 4 CREDITS
Please see the Mats Inc. website for the most up-to-date LEED v4 information.

SUPER SPORT WEIGHT MAT

FEATURES
Heavy rubber matting protects floors and equipment from damage
Shock absorbent and spike resistant
Easy and economical to install, requires no adhesives, yet does not shift once installed
Common Uses—weight rooms, ice arenas, health clubs, locker rooms, exercise areas, dugouts, live stock and agricultural settings

SPECIFICATIONS
Material: Recycled rubber
Style: Square edge
Mat Size: 4' x 6' (may vary slightly)
Thickness: 13 mm (1/2"), 19 mm (3/4")
Weight: 13 mm = 75 lbs
19 mm = 100 lbs

POSSIBLE LEED V 4 CREDITS
Please see the Mats Inc. website for the most up-to-date LEED v4 information.
CONTRACT FLOORING
wineo PURline is an entirely new class of flooring produced with natural raw materials. wineo PURline is made with bio-polyurethane using plant-based oils and naturally occurring mineral components. The ingredients are molecularly transformed to create extremely dense polyurethane and a tenaciously durable, nonporous floor covering.

wineo PURline organic flooring will sustain the most demanding commercial applications

**USEFUL, BEAUTIFUL, AND ENVIRONMENTALLY-FRIENDLY MATERIAL**

The Tailor Grace collections feature contemporary designs, wood and stone looks with useful properties including matte finish, sound reduction, indentation resistance and comfort underfoot.

**ENVIRONMENT**

Durable and beautiful, fully-recyclable Tailor Grace is Floorscore® certified, 100% phthalate-free resilient vinyl flooring manufactured with water-based inks and no heavy metals in an ISO 9001 and 14001 certified facility. Tailor Grace does not require waxing, buffing or stripping, and maintenance requirements are simple and will not negatively impact indoor air quality, energy consumption or facility costs making it the optimal flooring for environments where hygiene and minimal downtime are priorities.

PANORAMA CUSTOM
Creating a unique design is simple.
Select your colors, mix them up, see your design simulated in an actual setting and order a sample.
Experiment with color using our online interactive floor designer program Mixology® at www.matsinc.com/mixology.

STEP 1 - Colored granules are measured out based on designer’s concept or custom matching to materials.
STEP 2 - Petri dish submitted for approval.
STEP 3 - Custom tile produced.

POSSIBLE LEED V4 CREDITS

Please see the Mats Inc. website for the most up-to-date LEED v4 information.
ACCESSORIES

- UNDERLAYMENT
- ALUMINUM FRAMING
- NOSING & EDGING
- TRANSITIONS & LEVELERS
- TAPES
- ADHESIVES, CLEANERS & SEALERS

Visit www.matsinc.com for the most up-to-date product information.
SOUND & COMFORT
Underfloor QC is sound-inhibiting cushion underlayment for resilient flooring. Use Underfloor QC to improve underfoot comfort and acoustics between floors. Underfloor QC is suitable over concrete, wood and radiant heat systems and is installed using MI 1000 adhesive depending on the application.

MOISTURE & SOUND
Underfloor MC is suitable over concrete, wood and radiant heat systems and can be installed as a floating underlayment system or with perimeter adhesive depending on the application.

MOISTURE
Underfloor SL is a cost-effective moisture barrier that offers quick installation. The dimensionally stable vinyl underlayment equalizes minor subfloor unevenness.

**ALUMINUM FRAMING**

MatsInc offers a comprehensive line of aluminum frames and transitions for all of our products to ensure smooth transitions and trouble-free installations. Frames are sold in full lengths as listed below or in 1’ increments and should be cut to the appropriate size and mitered on-site to ensure proper fit.

**Note**

Many Aluminum Foot Grilles are supplied with frame systems fabricated specifically for the product type and installation method. These frames are shipped with the Foot Grilles. Additional frames are not required. Consult Sales Support for details.
NOSING & EDGING

Many matting Roll Goods and Walk-Off Mats & Runners may be cut to custom sizes and have vinyl nosing applied to one, two, or all four sides of the mat to provide smooth transitions for loose-laid applications. Consult Sales Support for assistance.
